**WELCOME! Catalogue 15 is now in your eager hands!**

Besides adding a lot more ANIME (Japanese art), we've combed the corners of our inventory for the most unusual and fun images to ever see the light of day. Collectors ask "this is a silly request but do you have..." and are shocked and amazed to hear a big "YES, we have two!" So #15 is for all of you who have a secret yearning for a certain campy cartoon! Art-Toons can help you, do not be afraid. Pick up your trusty highlighter and boldly go where few collectors have gone before!

**IN ADDITION TO THE MADNESS BELOW -**

**HEY! Ask about our personal TOYS & COLLECTIBLES list.** Featured are eight pages of non-sport cards (sets, singles, stickers, and wrappers), toys, cereal premiums, mugs, magnets, books & mags (Dynamite & more), rock items (programs, buttons), Coca Cola items, and other just plain unusual stuff (mostly circa 60-80's)! You wouldn't believe the prices! We're bustin' at the seams and this stuff's "gots ta go!"

**Thanks for sitting down with us! Sincerely, Dan and Mary Anne Ergezi, Art-Toons proprietors**

(Yes, it has been a long time since our last catalogue! Why? Mostly, we've been busy with our little "fireball", Nicholas, now 4!)
